## ELECTION MANAGERS NAMED FOR JUNE 5 PRIMARY

The Hancock County Democratic Executive Committee has met and named precinct election managers for the forthcoming Democratic primary next Tuesday, June 5.

Only one office is being contested in the primary and that is the Fifth Congressional District which finds the veterans incumbent W. M. "Bill" Colmer opposed by V. O. Campbell.

Voters at the same time, however, will have a very important constitutional amendment to vote on. Its passage would give the right to the State Legislature to separate the office of Sheriff and Collector in counties that the legislature deems necessary and to permit a sheriff to succeed himself in office if the office is separated from that of tax collector.

Leo W. Seal, Jr., Secretary of the County Democratic Committee, reminds all qualified electors that they must have Poll Tax receipts for the past two years, 1960 and 1961, in order to vote on the Congressional candidates.

List of election managers follows:

## WHAT IS A FAIR PRICE?

We are not against progress, far from it. In fact, we invite progress, we advocate it constantly, as part of our editorial policy. Neither are we against our government's policy of national defense or its world-wide space program which is costing the taxpayers of our country untold billions of dollars.

BUT—when our federal government steps in and demands that thousands of our citizens just pack up their belongings and move from many thousands acres of land which is and has been their family home for years, and in many cases for generations, without offering what these people consider a fair and adequate price for the land and buildings in question, then it is time something be done about it.

And that is just what our Hancock County citizens have done. A group of approximately 250 landowners from the buffer and fee areas met with the board of Supervisors at the courthouse and formed a committee which will officially and formally present its objections to the federal authorities in hopes of obtaining a fair and adequate price for their land and the buildings located thereon, which will either have to be moved or torn down to make way for erection of the proposed test facility in the Logtown area.

For the mutual benefit of all concerned, we hope that an agreement can be reached which will be satisfactory to both sides.

It is our sincere hope that our national space program continue to succeed, but it is also our sincere hope that our "displaced citizens," if we may call them such, be reimbursed fairly and squarely, not only from a monetary point of view, but in fairness for the supreme sacrifice many of them are making by giving up land, that has been their family home for generations, and having to practically start over again from scratch.

Speaking of live baits which both green frog and perch go for is gray crickets. For the fisherman they are hard to beat. They can be purchased at Ralph's Cricket Ranch, Box 2122, Memphis 2, Tenn. Shipped alive and guaranteed. They are cheaper than live shrimp and cost less. \$2.00 for 100; postpaid. If you have never used them, you'd better try them.

Although the two species of crappies, black and white, have more than 57 different names throughout their range, there is a common agreement on one point—it is the still fisherman's favorite.

Learned through Nolan Ladner, local game warden, why Frank Keenan, general manager of Chemo Lure Co., Tyler, Texas, had to say about Mississippi: "It has a sort of magic sound to me—immediately, I fall into a day dream about history; boats, rivers, hot lazy days, creeks and fishing. Howabout coming down Frank and try your baits with us—learn about Mississippi first hand? It has all that you dream about!"

Nolan Ladner, local game warden, has given us the new hunting regulations for 1962-63. Here they are:

Dates for the 1962-63 hunting seasons, in Mississippi have been tentatively scheduled by the State Game and Fish Commission, but are subject to change before final action is taken.

Seasons on quail and rabbits will be set by legislation.

**WILD TURKEYS**—March 30 through April 7 and April 13 through April 21, 1963 in Hancock and Harrison Counties. Bag limit: One gobbler per season.

Baiting, feeding and hunting turkeys with dogs or live decoys or electrically or mechanically operated calling or sound reproducing devices are prohibited.

**DEER**—November 20 through December 1, 1962 and December 28 through January 8, 1963 in Hancock, North of Highway 90. Dogs allowed Nov. 20 through 24 and Dec. 28 through 29, 1962.

**RABBITS**—Season: Unable to set due to pending bill in Legislature. May be hunted with sticks and dogs throughout the year. Bag limit: 5 per day, 10 in possession.

**SQUIRRELS**—All that part of Mississippi lying south of Highway 84: November 1 through January 12, 1963.

**OPPOSSUMS and RACOONS**—May be run with dogs by licensed hunters throughout the year in all counties. May be taken for food without a gun in all counties from October 1 through Nov. 18, 1962. May be taken with dogs and guns in all counties from

Nov. 19, 1962 through May 1, 1963. Soft crabs are still in season. Five of any size Saturday night. Using a light is rather a fair way. The old pine knot bait was used by the old time Hale, Buddy Rosemond. Light consisted of a wire hung from the front of a boat and held burning pine crabber pulled the side of him. Flaming done the same way for long time ago.

# Colmer's Seniority Pays Off!

The following recent testimonials from President Fred Mayo of Ingalls Shipbuilding Corporation, Mississippi's largest industry are just two of the hundreds of illustrations where Congressman Colmer's seniority and know-how paid dividends for South Mississippi:

"President Mayo stated that 'the passage of this bill (removing the 6% differential granted the West Coast shipbuilders) by the House is the direct result of the hard work in generalship of our able Congressman Bill Colmer, who sponsored this legislation.'" (Gulfport-Biloxi Daily Herald, April 17, 1962.)

For your telegram reference Moore-McCormack vessels. We appreciate the support which has been given by the Maritime Administration that Ingalls Shipbuilding Corporation. This means a great deal to Ingalls. Our Company is a part of the State of Mississippi. Thank you."

### Letters

John Stearns  
Mississippi  
May 24, 1962

John Stearns  
House of the United States  
Washington, D. C.

Relative to land acquisition by  
the Army Corps of Engineers  
the NASA in the buffer zone  
the test site in Hancock County,  
Mississippi, I applied for an

early appraisal and negotiation  
on my property holdings in the  
area. My request was honored  
my appraisal was recently com-  
pleted, and yesterday, May 23, I  
had my first conference with the  
negotiators.

What is being paid to the prop-  
erty owners in the fee area is  
being published in the local pa-  
pers. I have a number of neigh-  
bors in the fee area whose dwell-  
ing houses and other property I  
am familiar with and who are  
glad to talk about the deals they  
have concluded with the govern-  
ment. It is general public knowl-  
edge that there is considerable

variation in the appraisals, some  
being just some over-valued, and  
other so low as to result in finan-  
cial catastrophe to the owners.  
Returning to my personal prob-  
lem, I own 200 acres, 200 of  
which are in excellent improved  
pasture and 180 in timberland.  
All of the land is fenced and  
cross fenced. I have two good ar-  
tesian wells. There are three  
dwelling houses on my property,  
two barns, two dairy barns, and  
sheds to make a total of 12 build-  
ings.

The offer made me yesterday  
by the Corps of Engineers' negoti-  
ators for all of my buildings  
(which they will destroy), the  
improvements, and for the per-  
petual easement that the govern-  
ment is forcing me to accept on  
the land was in the amount of  
\$37,500. This offer to me is ridi-  
culous and absurd. According to  
the scale of values that has been  
established in the adjacent fee  
area, the three dwelling that I  
have should come close to \$37,  
500. Certainly all of my buildings  
and improvements should appraise  
well over that amount, which  
would leave them paying me  
nothing for the easement on my  
land. I ask that you please bear  
in mind that this land is practi-  
cally of no value to us after all  
buildings are destroyed and we  
are forced to move away.

Having owned my place for  
nine years and having been raised  
in the country on a farm, you  
may assured that I have some  
practical knowledge of farm val-  
ues and building costs. My own  
personal evaluation of my place,  
which I know to be fair and  
honest, is as follows:

Total value of buildings	\$35,125.00
200 acres improve pasture land	at \$250 per acre - 50,000.00
100 acres of timberland at \$100	per acre - 10,000.00
1 artesian well	2,000.00
1 artesian well	1,500.00
Total value	98,625.00

Now let me assure you that I  
do not expect to get rich and get  
more than I should for my prop-  
erty. All that I am asking is a  
fair deal. I do not ask for my

Pink and white streamers with

party honoring Bay High gradu-

An arrangement of carnations  
and gladioli centered the table.  
Dancing was enjoyed from 10:30

Southern Mississippi. Hosts for  
the occasion were Mr. and Mrs.

Dairy income, a big factor in  
Mississippi's agricultural econ-  
omy, is due to continue its rise.  
Additional income may be ob-  
tained for individual farmers by  
looking into the opportunities of-  
fered in the production of milk.  
A milk production program has  
the advantage of fitting any size  
farm with a small initial invest-  
ment. The program is flexible  
and existing buildings can be  
used.

A drug which the American  
Cancer Society invested research

Other drugs have been found to  
be useful in treating human can-

## Beautiful New Ceiling

**Armstrong**  
**CLASSIC CUSHIONTONE**

Never before a perforated acoustical ceiling so perfect  
for any room in your home! Yet Classic Cushiontone  
costs no more than ordinary perforated ceiling tiles. It  
costs only \$27.72 for an average 10' x 12' room, and  
you can easily install it yourself.

Best of all, Classic Cushiontone is easy to live with.  
Washable and repaintable, it requires no more care  
than an ordinary ceiling. It's more permanent than  
plaster, too, because it won't crack, chip, or peel. Other  
Armstrong ceilings start as low as 60¢ per sq. ft.

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The traditions of America are inseparably linked with religion, and the Church has been the most powerful factor in our national life. Its faith has inspired our highest achievements.

The influence of religion has sanctified our homes and fostered in them the solid virtues and strong faith which have molded our national character and shaped our course in world history.

Our public school system is the outgrowth of religious zeal and the desire of the Church to spread enlightenment among the people. It has invoked blessings on those who train our youth.

The home, the school, and the Church—these are the great triumvirate whose faithful and tireless efforts have made America the most favored land on earth. They are the pillars of our strength, the foundation of our hope.

Let us cling to these elements of national strength—make our homes the abode of happiness; make our schools centers of light and knowledge; and make God our guide as we move into the untrod future.

**HIGHWAY AGENCY TO**  
**MAKE STUDY OF**  
**CAUSEWAYS PLAN**  
JACKSON, Miss. - The legisla-  
ture has authorized the State  
Highway Commission to spend up  
to \$50,000 to see if toll highways  
and bridges to Gulf of Mexico are  
feasible.  
The action was taken Saturday  
just before the legislature ad-  
journed.  
If a causeway is built, the first  
\$50,000 in revenue would go to  
the commission to repay for the  
study.  
Rep. Karl Wiesenburg of Jack-  
son County said if the islands  
were connected by a causeway  
and bridges, the Mississippi coast  
could rival Miami for tourist  
trade.  
"It would make the islands  
available for the people of Mis-  
sissippi and the nation," he said.  
A special causeway study com-  
mittee set up by Gov. Ross Bar-  
nett reported in February it felt  
the project was feasible and it  
would open up the islands as  
tourist attractions.  
One proposed causeway would  
be 12 miles from a point between  
Gulfport and Biloxi to Ship Is-  
land.  
The other would be 7 miles  
from the west pier area at Gulf-  
port to Cat Island.  
Causeway tolls and proceeds  
from subdivision development on  
the islands would be used to re-  
pay bonds which have been pro-  
posed to finance the work.  
There has been no recent cost  
estimate for the work.

## WHY YOU SHOULD

# VOTE FOR

AMENDMENT — DIVIDING THE OFFICE OF  
SHERIFF AND TAX-COLLECTOR INTO TWO  
SEPARATE OFFICES

## JUNE 5, 1962

Mississippi's chief law enforcement officer, Attorney General Joe Patterson, today added his endorsement to adoption of the constitutional amendment on June 5th to allow sheriffs to succeed themselves where the office of sheriff and tax collector are separated.

General Patterson said that under the present system "about the time a sheriff gets to be an experienced and highly efficient law enforcement officer, his term expires."

His full statement follows:

"I am supporting Senate Concurrent Resolution 109 which authorizes the sheriff to succeed himself in office. I have thought for many years that it would be in the interest of economy, as well as promote efficiency and law enforcement, to permit the sheriff to succeed himself. The office of sheriff is a big job in any county. A trained law enforcement officer can always enforce the law better than an inexperienced one. Under our system, just about the time a sheriff gets to be an experienced and highly efficient law enforcement officer his term expires.

"I hope that Senate Concurrent Resolution will meet with the approval of the people when they go to the polls on June 5, 1962."

Earlier this week, statements were issued by the presidents of the Mississippi Sheriffs Association, the Mississippi Law Enforcement Officers Association and the Mississippi-Tennessee Peace Officers Association, Secretary of State Heber Ladner, Senator Bob Everitt of Ruleville, and a number of local chambers of commerce and organizations, such as the MEC State Chamber of Commerce, in support of the proposed amendment.

The proposal was overwhelmingly endorsed by the legislature.

## Gregory Peck, Four Time Oscar Nominee, Stars In Thriller, "Cape Fear"

A stature unsurpassed in the entire film industry has been reached by Gregory Peck, four-time Academy Award nominee and star of "Cape Fear," now showing at the Legion Theatre.

Peck, a star from his first picture, recently broadened his colorful horizons by turning producer, forming his own Melville-Talbot Productions.

His co-stars in "Cape Fear," a project for Universal release based on the best-selling novel, "The Executioners," by John D. MacDonald, are Robert Mitchum, Polly Bergen and Lori Martin.

His numerous screen credits provide a cross-section of some of Hollywood's most outstanding cinematic contributions. These include such triumphs as "Spellbound," "Duel in the Sun," "The Yearling," "Gentleman's Agreement," "Twelve O'clock High," "Roman Holiday" and "Porkchop Hill."

Born at La Jolla, California, Peck later attended the University of California at Berkeley, enrolling as a pre-med student. A standout athlete at the University, Peck turned to college theater when a spinal injury forced him to give up sports. Awarded enthusiastic encouragement in this activity, he soon shifted his major from medicine to show business and later, armed with a letter of introduction to a business friend of his father's he set out for Broadway. The letter got him a job—as a barker at a concession in the amusement zone at the World's Fair. He later became a guide at Radio City.

He later won scholarships from the neighborhood Playhouse School of Dramatics and the famous Barter Theatre at Abingdon, Virginia.

Guthrie McClintic then engaged Peck for a tour with Katharine Cornell in the "Doctor Dilemma," but his big break came when he was signed for the Broadway production of "Morning Star." Then came a lead opposite Martha Scott in "The Willow and I," and another starring role opposite Geraldine Fitzgerald in "Sons and Soldiers."

Such theatrical successes brought him to Hollywood for "Days of Glory," his first motion picture assignment. Then followed "The Keys of the Kingdom."

Peck assesses "Cape Fear" as "a study in theatrical suspense—each segment of the mounting tension and terror as meticulously put together as the most elaborate architectural blueprint."

## PAIR RELEASED FROM BOND IN VIOLATION

Two persons whose names were listed in a recent issue of the U. S. Commissioner from the U. S. Marshal on charges violating internal revenue laws, Edward Louis Necaise, 25, St. John St., and Ruth Elliott Lloyd, 30, Box 542, Bay St. Louis, were released after each posting bond of \$750.

Each is charged with possession and operation of an unregistered still, possession of, and possession and concealment of, tax unpaid, whiskey.

The offenses allegedly happened Tuesday in Hancock County.

## RECEIVES EIGHTH GRADE AWARD

Gail Koch, eighth grad student of St. Joseph Academy, received the American Legion award given for outstanding courage, companionship, character, service and scholarship.

Gail, who is the daughter of Capt. and Mrs. H. G. Koch of Kiln, Miss., will enroll at Louise Magee school in New Orleans in September.

Capt. and Mrs. Koch entertained for Gail at a family dinner in the Blue Room of the Roosevelt Hotel on Thursday.

## Miscellaneous Shower

Miss Marie Favre was honored with a lawn party and miscellaneous birthday shower Saturday afternoon at the Kiln home of Mrs. Jerry Mitchell with Mesdames Leroy Cuevas, Earl Ladner and Larry Ladner as co-hostesses.

The honoree chose for the occasion an aqua sheath worn with matching accessories.

The wedding of Miss Favre to Billy Dale Sills will be an event of June 16 at the Church of the Annunciation, Kiln.

## Youth Meeting

A Protestant Youth League meeting will be held Monday, June 4, at 7:30 p.m. at the First Presbyterian Church.

## CARD OF THANKS

I wish to express my sincere thanks to all my friends and neighbors who came to my assistance last Sunday morning when fire destroyed a shed in the rear of my home. Their quick response prevented the fire from causing further damage.

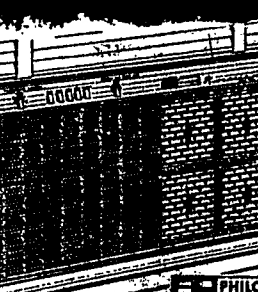

Mrs. Mae Thomas

## COOPERATION VERSUS SENIORITY IN CONGRESS

When the Ingalls Co. was about to lose a multi-million dollars ship-building contract it was our JUNIOR Senator Stennis who stepped in and got the contract signed. Does this look like SENIORITY or JUNIORITY paid off?

Congressman Smith of the Delta Dist. cooperates with the Administration and it seems he gets MORE of what he wants and less of what he DOES NOT want. Perhaps we would do better if we did more cooperating and less fighting in our own party. If you think so, vote for me for Congress and let's try it. The Democratic Party has always been our BEST friend in the South. Let's try them again.
